Dear Mr. Hedberg:

This office has been notified that plan of operations described above has been examined and found satisfactory.

Georgia Pacific Corporation posted Surety Bond No. ☐ and Increase Rider with our office. However, the bond and rider were rejected and returned.

A surface management bond must be furnished with the Utah State Office, Bureau of Land Management (BLM), and/or the Utah State Division of Oil, Gas, and Mining (DOGM). The BLM and DOGM must be listed as joint owner/holder. The bond is to cover operations conducted by or on behalf of the principal on the above-mentioned plan of operation.

The Moab District has recommended a bond in the amount of \$20,000 be filed with the BLM. Your office has recommended an additional bond in the amount \$30,000. The total bond required is \$50,000.

On July 21, 1994, the claimant was notified that a \$20,000 bond must be posted with the BLM within 60 days from receipt of this notice and an additional bond in the amount of \$30,000 be posted with the DOGM. We did give the claimant the option to post a single bond in the amount of \$50,000 with your office.

Please notify this office if a bond has been posted and/or accepted by your office. If you have any questions or concerns please contact Opolonia Abeyta (801) 539-4123.

Sincerely,

A handwritten signature in black ink, appearing to read "D. Phelps", with a long horizontal line extending from the start of the signature to the left.
